

Realgy Commercial Referral Program

Terms and Conditions

The Realgy Commercial Referral Program (the “Program”) is designed to reward current Realgy, LLC (“Realgy”) commercial electric or gas customers that are in good standing (“Current Customers”) for referring new commercial customers (“Potential Referrals”) to enroll with Realgy. By submitting a referral under the Program, each referring customer acknowledges that they have read and agree to be bound by these Terms and Conditions and the decisions of Realgy, which are final and binding in all respects. The Program is subject to all applicable federal, state, and local laws, rules, and regulations. Void where prohibited or restricted by law.

The Program

Current Customers may submit Potential Referrals by providing complete and accurate business contact information directly to Realgy via Online form. Referring Customers must provide all required details about the Potential Referral, including business name, contact person, phone number, and email address. Realgy reserves the right to accept or reject any Potential Referral at its sole discretion and without obligation to provide reasoning.

A “Referral” is defined as a Potential Referral that (1) successfully enrolls with Realgy for commercial electric or gas supply service; (2) is classified as a commercial or business account (3) was not an existing or prior Realgy customer; and (4) remains continuously enrolled and in good standing for at least six (6) months following service start (“Good Standing Period”). Referring Customer acknowledges and agrees that Realgy has sole discretion to accept or reject any Potential Referral.

Submitting a “Referral” is not considered as an agreement between Realgy and the Potential Referral. Potential Referral will be contacted by Realgy to sign and authorize Energy supply agreement.
